

# PLEASE NOTE

9-18  
MONTHS

4-6  
MONTHS

15 WEEKS

## Payment Information

*A payment plan is available for any of the programs and requires a down payment of \$250. If you choose the payment plan, you will have choices in the amount of the monthly payment. Then you also have the cost of your equipment, software, and books, which is roughly \$1500 to \$2500 depending on what you choose to buy for some of it. And you have the cost of your laptop. After being certified as a court reporter, you will have to buy the professional version of EclipseVox, but Advantage Software has financing options available.*

## Meeting Information

*Classes for all programs are either Monday and/or Tuesday evenings. They take place at either 7 pm or 8:15 pm Central Time, depending on the current classes that are in session. They are 1-hour classes. If you wish to have a day class, we must have at least 2 people interested in order to provide it.*

*There are three programs available. The first two contain the same information and are for anyone wanting to become a court reporter. In any program, classes are divided into 15-week sessions with breaks every 5 weeks.*

*The program lengths given below assume you are putting in the required class time, practice time, and study time. Not putting in these required times will cause the program to take longer to complete.*

### TurboEase - \$4500

*In this program, classes are broken out into two or three sessions dependent on your ability to devote time to CVR Prep. The first session covers CR Prep and Transcript Prep, and the second session focuses on Dragon Naturally Speaking and EclipseVox. CVR Prep is self-paced and can be done alongside the program or as a third 15-week session. Speed building occurs throughout the entire program.*

### TurboCharge - \$4500

*This program is an accelerated program. To take this program, you are required to meet with Angie. The program includes all of the same information as the TurboEase, but it's handled at a faster pace. The difference is you would attend all of your live classes each week for 15 weeks, plus breaks. Your speed building and CVR Prep would be taken at the same time or right after.*

### Voice Tech - \$1800

*This program consists of a technology-only class. This covers how to voice write and how to use Dragon and EclipseVox. This is suitable for steno writers wanting to learn to voice write, for anyone who already knows how to be a court reporter but wants to learn to voice write, or for anyone switching from another CAT program to EclipseVox.*

## Evening Session Start Dates & Times and Breaks

| TurboCharge        | Time      | TurboEase          | Time      | Voice Tech         | Time      |
